

We are excited to share our 2023-2024 Sibshops Sessions!

Sibshops are for children aged 6 to 13 who have a sibling with special needs or a medical diagnosis. In Sibshops, children are given the opportunity to share the good and not so good parts of having a sibling with special needs and connect with other children who are having the same experiences.

Our two-hour, monthly sessions include recreational and reflective activities designed to learn about ourselves, learn about our siblings, and most importantly have fun!
